

infiniti

An outdoor journey into Design

UN VIAGGIO "OUTDOOR" NEL DESIGN

Every project is a journey, and every journey is a project.

Physical and mental paths that intersect and meet to generate emotions, stories and experiences.

Starting from what we love to do, in this collection dedicated to outdoor products, we have told a series of endless projects conceived or adapted for outdoor use, through an adventurous journey in the typical Italian regions; from plants that grow wild, to annual temperatures, to the local proverbs, we wanted to merge our product with the architecture and materials characteristic of the various areas of Italy, from north to south or from East to West. And we have not given an order to our journey because there is no order, every Italian region is a microcosm, every project is a journey and every journey is a project.

We have experimented with new shapes but above all with new finishes and materials so that the product could lend itself to the demanding requirements of the 'plein-air', combining the contemporary design of our products with glimpses of historical architecture, breath taking views and modern elements.

Enjoy your journey!

Ogni progetto è un viaggio e ogni viaggio è un progetto.

Percorsi fisici e mentali che si intersecano e si incontrano per generare emozioni, racconti ed esperienze.

Partendo da ciò che amiamo fare, in questa raccolta dedicata ai prodotti outdoor, abbiamo raccontato una serie di progetti infiniti concepiti o adattati all'uso in esterno, attraverso un avventuroso viaggio nelle tipicità regionali italiane; dalle piante che crescono spontanee, alle temperature annue, ai proverbi locali, abbiamo voluto fondere il nostro prodotto con le architetture e i materiali caratteristici delle varie aree d'Italia, da nord a sud e da est ad ovest. E non abbiamo dato un ordine al nostro viaggio perché non esiste un ordine, ogni regione italiana è un microcosmo, ogni progetto è un viaggio e ogni viaggio è un progetto.

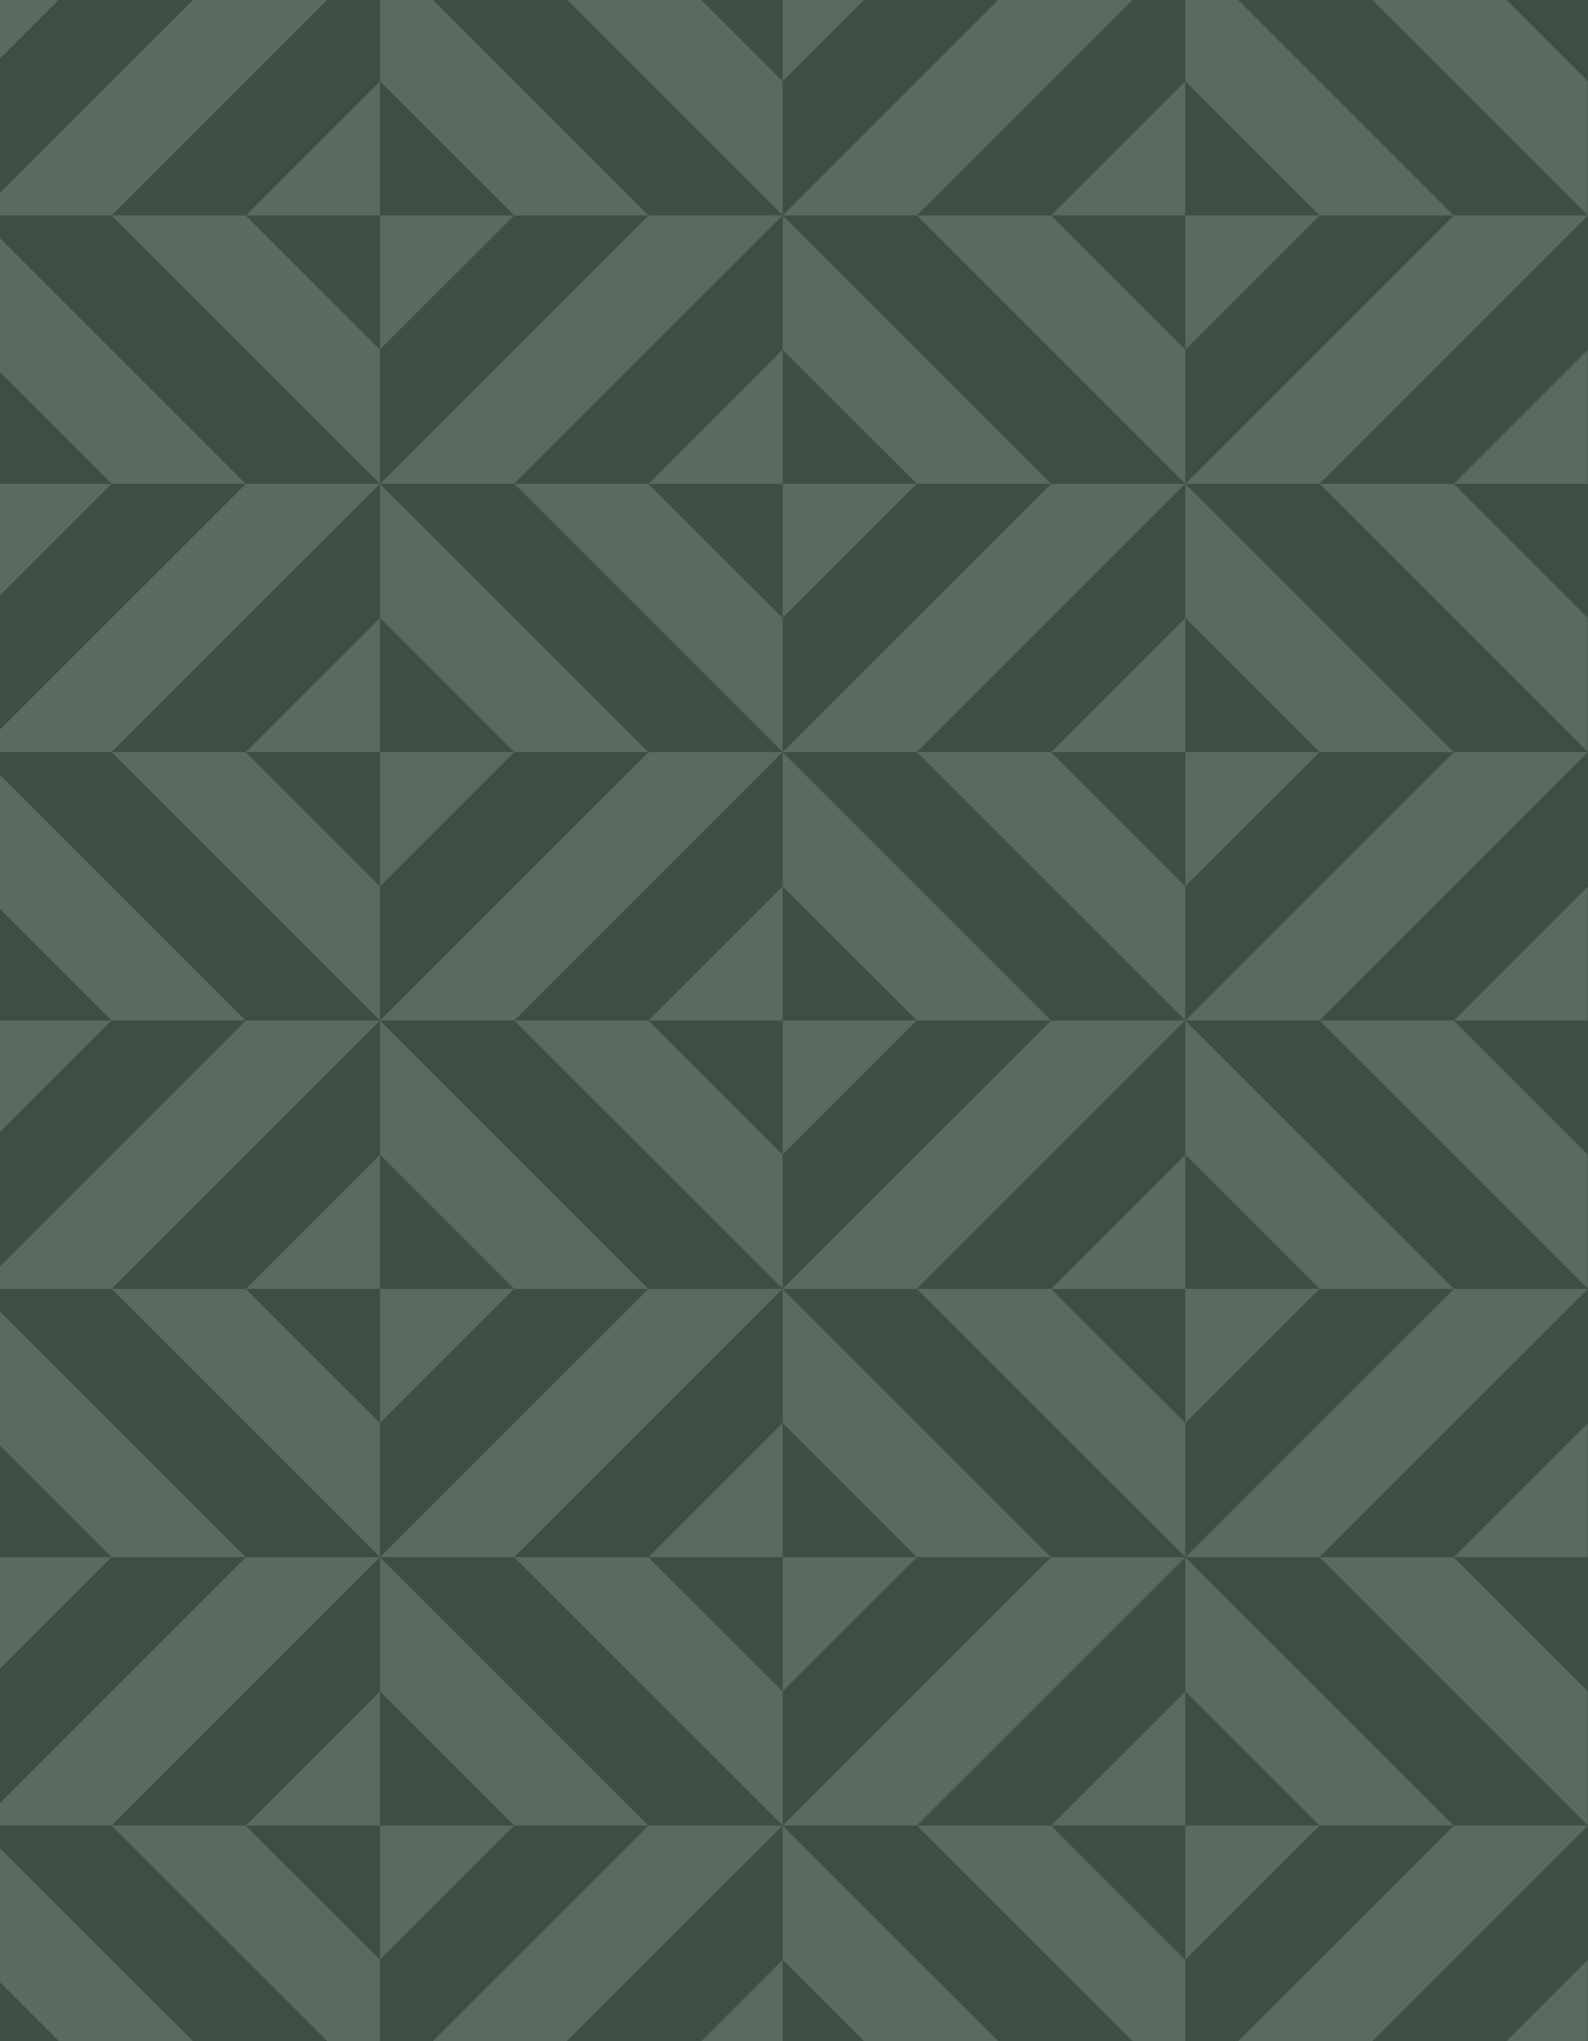

Abbiamo sperimentato nuove forme ma soprattutto nuove finiture e materiali perché il prodotto potesse prestarsi alle esigenti richieste del 'plein-air', accostando il design contemporaneo dei nostri prodotti a scorci di architettura storica, viste mozzafiato ed elementi moderni.

Buon Viaggio!

Tondina Slim

Tradition and innovation come together in Tondina Slim, a chair with or without armrests designed by Favaretto&Partners. The latest addition to the Tondina family is distinguished by an unmistakable openwork texture, which recalls the traditional weave of the 1950s reinterpreted in a more contemporary version. A painted rod frame and a wide range of colours for the micro-perforated seat and backrest make Tondina Slim an ideal chair for furnishing outdoor spaces with harmony.

Tradizione e innovazione confluiscono in Tondina Slim, una sedia con o senza braccioli disegnata da Favaretto&Partners. L'ultima nata della famiglia Tondina è contraddistinta da una inconfondibile texture traforata, che rimanda alla trama tradizionale degli anni '50 reinterpreta in una versione più contemporanea. Grazie ad un telaio in tondino verniciato ed un'ampia palette colori del sedile e dello schienale microforati, Tondina Slim diventa una seduta ideale per arredare con armonia gli ambienti esterni.

Ipe

Ipe is a coffee table with round or square top, available in two different heights, suitable for an outdoor use. The cast iron base supports its characteristic wiredrawn structure in steel. A design with a vintage flavour for contract environments, such as pubs and restaurants.

Tavolino con piano tondo o quadro disponibile in due altezze, adatto all'outdoor. La base in ghisa sorregge la caratteristica struttura a trave trafilata in ferro. Un design dal sapore vintage per contesti contract come locali e ristoranti.

Tondina Pop

Inspired by the wooden version, furnishes every environment with style thanks to the coloured plastic panels and frame. The chair is inspired by the rigor of Nordic design and it is composed of a seat and a back in coloured polypropylene and a light structure in steel rod. Thanks to the round shapes and to the wide range of solutions available, Tondina Pop is suited as a bar, a restaurant, a bistro and a dining room chair. It is also suitable for outdoor areas.

Nata dalla versione in legno, arreda ogni ambiente con stile grazie ai pannelli in plastica e al telaio colorato. Seduta ispirata allo stile nordico, composta da pannelli seduta e schienale in polipropilene colorato e una delicata struttura in tondino. Grazie alle forme arrotondate e all'ampia gamma di soluzioni disponibili Tondina è adatta come sedia da bar, ristorante, bistro, e anche per sala da pranzo e spazi esterni.

Ruelle

In the small alleyways of the small French country villages (the so-called "ruelles") is typical having a seat on the traditional bistrot and brasserie chairs, which have been revisited by Philippe Tabet in a contemporary way. Ruelle won the fourth edition of the design Contest of Infiniti. It is a chair with a die-cast aluminium structure and extruded aluminium legs. Thanks to the coloured polypropylene backrest and to the perforated seat, Ruelle outdoor is water-resistant and can be used for bars and restaurants with an outdoor patio.

Nei piccoli vicoli dei paesini francesi di campagna ("ruelle", appunto) è tipico sedersi nelle classiche sedie da bistrot e brasserie, che Philippe Tabet ha rielaborato in chiave contemporanea. Ruelle ha vinto la quarta edizione del Contest di design di Infiniti. Ruelle è una sedia con una struttura in alluminio pressofuso, e gambe in alluminio estruso. Grazie allo schienale in polipropilene colorato e alla seduta forata, Ruelle outdoor non teme la pioggia e può essere utilizzata come seduta da bar e bistrò con dehors all'aperto.

Ruelle Table

To complete the Ruelle chair family, inspired by the ones laid outside the French bistros, infiniti presents the homonymous coffee table, with a central system that rests on a linear three-legged structure in die-cast aluminum. Ideal for bars and outdoor contexts, Ruelle tables have as an option the tip-up top, useful for solving space needs. Available table heights: 710mm/1070 mm.

A completamento della famiglia della sedia Ruelle, ispirata alle sedute dei bistrot francesi, infiniti presenta l'omonimo tavolino, con fusto centrale che poggia su una struttura lineare a tre gambe in alluminio pressofuso. Ideale per bar e contesti outdoor, il tavolo Ruelle aggiunge come opzione la possibilità di avere il piano ribaltabile, utile per risolvere necessità di spazio. Altezze disponibili: 710 mm/1070 mm.

Úti

"Úti" is the Icelandic word that expresses the French concept of "en plein air". With this chair, infinity gives a new, nordic and minimal, direction to the outdoor furniture, overcoming the common Mediterranean-inspired dehors concept. Úti is a chair with a structure manufactured in painted steel rod, available with or without arms. The back and the seat are perforated, but for a greater comfort an outdoor fabric removable seat panel is available. Úti is ideal for an outdoor use.

"Úti" è la parola con cui in islandese si indica il concetto di "en plen air": con questa seduta infinity intende dare una nuova direzione all'arredo outdoor, più nordico e minimale, che supera il più comune concetto dehors di ispirazione mediterranea. Úti è una sedia con una struttura in tondino d'acciaio verniciato, con o senza braccioli, perfetta per ambienti esterni. Il sedile e la seduta sono forati, ma per un maggiore confort è disponibile un pannellino seduta removibile con tessuto outdoor.

Loop Mono

It was born ten years ago, and it has immediately become one of the Infiniti best sellers, Loop is a sinuous icon capable of making any public or private environment elegant. The polycarbonate shell gives now way to a recycled polypropylene version, made even thinner and lighter than before. The ergonomic armrests have a new size, but maintaining the typical curvature, which has made this chair unique for its kind. Loop Mono in polypropylene, which is added to the classic wooden version, takes on a pop, fresh and modern connotation.

Nata dieci anni fa e divenuta sin da subito uno dei best sellers infiniti, Loop è un'icona sinuosa e capace di rendere elegante ogni ambiente pubblico o privato. La scocca in policarbonato lascia ora il posto alla versione in polipropilene riciclato, resa ancora più sottile e leggera. I braccioli ergonomici presentano una nuova misura, mantenendo la tipica curvatura che hanno reso questa sedia unica nel suo genere. Loop in polipropilene, che si aggiunge alla classica versione in legno, assume una connotazione pop, attuale e moderna.

Feluca Pop

To the wooden version, presented at the Salone del Mobile 2019, the Feluca family adds the possibility of having seat and back in recycled polypropylene, both for the chair version and for the new stool, available in kitchen or bar height. Thanks to this new feature, the structure, made of an elliptical tube in painted steel, can create an elegant tone-on-tone effect. Ideal for furnishing with harmony outdoor environments.

Alla versione in legno, presentata al Salone del Mobile 2019, la famiglia Feluca aggiunge la possibilità di avere sedile e schienale in polipropilene riciclato, sia per la versione sedia che per il nuovo sgabello, disponibile in altezza cucina o bar. Grazie a questa novità, la peculiare struttura in tubo ellittico in acciaio verniciato può creare un elegante effetto tono su tono. Ideale per arredare con armonia gli ambienti esterni.

Fiorellina

Lightweight and practical, this chair is characterised by a considerable manufacturing complexity. In fact, it is based on a technology that allows obtaining, from a single mould, four different versions of the product: with solid or with perforated backrest and, both versions, with or without arms. Fiorellina suits well for contract uses, as well as for outdoor uses and summer settings ones.

Pratica e leggera, è una serie caratterizzata da una notevole complessità di realizzazione. Alla base vi è infatti una tecnologia che permette di ottenere dal medesimo stampo quattro diverse declinazioni di prodotto: con schienale pieno o forato, entrambi con o senza braccioli. Una seduta ideale per un uso contract, outdoor o qualsiasi soluzione estiva.

Join Table

Join is a table with a single central leg and a three-star base in painted round tube. It is also available an adjustable leg support in die-cast painted aluminium to match the frame. In the fixed version, a die-cast aluminium top supports the table cross. In the folding version, there is a grey plastic folding joint. The table tops come in different geometric shapes and materials, making it perfect in every situation.

Join è un tavolo con una sola gamba centrale e una base a tre razze in tubo tondo verniciato. È disponibile anche una gamba regolabile in alluminio pressofuso verniciato in tinta con la struttura. Nella versione fissa, un piano in alluminio un piano in alluminio pressofuso sostiene la crociera del tavolo. Nella versione versione pieghevole, c'è invece un giunto pieghevole in plastica grigia a supporto. I piani del tavolo sono disponibili in diverse forme geometriche e materiali diversi, rendendolo perfetto in ogni situazione.

Flink

Outdoor finishes / Finiture Outdoor

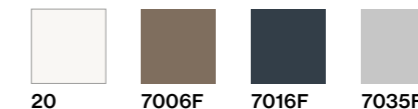

Flink

A soft and futuristic stool, inspired by the stones found at the beach, which over time have been slowly polished and transformed into pebbles with rounded "friendly" shapes. For this reason, the stool is called Flink, a word that in Danish means "Friendly". Flink stool consists of a structure with a round steel base, an aluminum support, and a seat upholstered with a wide choice of fabrics. In the bar stool and kitchen stool versions, Flink is equipped with a footrest. It is the perfect stool for workplaces, canteens, bars, shops and educational environments. It is available, also, in the new low version, with a height of 45cm, which is ideal for bars and cafes.

Uno sgabello soffice e futurista, ispirato ai sassi trovati di una spiaggia, che nel tempo sono stati lentamente levigati e trasformati in ciottoli dalle forme arrotondate, "amichevoli". Per questo motivo lo sgabello si chiama Flink, una parola che in danese significa "Friendly". Lo sgabello Flink si compone di una struttura con base tonda in acciaio, supporto in alluminio, e un sedile imbottito con molteplici tessuti da esterno. Nelle versioni sgabello bar e sgabello cucina Flink è dotato di un poggiatesta. Perfetto per l'uso in luoghi di lavoro, mense, bar, negozi e ambienti educativi. Disponibile anche nella versione Low, con altezza 45cm, ideale per bar e caffetterie.

Klejn

Klejn has been created with lightness and simplicity: a minimal design stool, inspired by structures such as cranes and ships of the seaport surrounding Aarhus. It is a slim and light stool in rod steel, equipped with a polypropylene seat available in three heights. Its structure can be painted, which makes Klejn suiting well for outdoors environments.

Klejn è stato creato con leggerezza e semplicità; è uno sgabello minimale, ispirato alle gru del porto di Aarhus. Dalla forma leggera e sottile, in tondino d'acciaio, è dotato di una seduta in polipropilene ed è disponibile in tre altezze. La struttura può essere verniciata, il che rende Klejn adatto per come sgabello da esterno.

Sys

Sys was born as a sofa full of configurations, which gives the possibility of creating modular systems, that fit well in contexts such as waiting rooms, work spaces, museums, restaurants, schools, shops and meeting and sharing areas. Thanks to an extremely quick and intuitive fastening system, it is possible to disassemble, move and reconfigure your sofa, according to the needs of that moment. Sys is made up of a painted steel frame, which creates an housing for the modules to be inserted.

Sys nasce come un divano ricco di configurazioni, che dà la possibilità di creare sistemi modulari che ben si inseriscono in contesti quali sale d'attesa, spazi di lavoro, musei, ristoranti, scuole, negozi e aree di incontro e condivisione. Grazie a un sistema di aggancio di moduli estremamente veloce e intuitivo, è possibile smontare, spostare e riconfigurare il proprio divano in base alle esigenze del momento. Sys è formato da un telaio in tubo di acciaio verniciato, che crea un alloggio per i moduli da inserire.

Demoiselle

Quaglio Simonelli designers present an elegant armchair characterised by soft lines and a structure covered with double ton-on-ton upholstery, tied with a sophisticated leather belt. The comfort is ensured by a deep seat and a large cushion. The structure is in expanded polyurethane and the seat and the cushion are in cold-foamed polyurethane, upholstered in leather, eco-leather or fabric. Demoiselle stands on four matt painted steel legs. The choice of outdoor upholstery makes this sofa a product suitable for any context.

I designer Quaglio Simonelli propongono un elegantissimo divanetto dalle geometrie morbide, con struttura rivestita con doppia tappezzeria tono su tono legate da un cinturino di cuoio elegantissimo. Comfort assicurato grazie ad una seduta profonda e da ampio cuscino. Poltroncina con struttura in poliuretano espanso, seduta e cuscino in poliuretano schiumato a freddo. La scelta della tappezzeria da esterno rendono questo divanetto un prodotto adatto ad ogni contesto.

Record Bench

Record Bench, like the rest of the Record family, was born from the idea that are the crossed lines themselves that support the top of the bench. The bench is made up of a simple structure in painted steel, which can be realised in different materials, both for an outdoor and an indoor use. The simplicity and harmony of the shapes that characterise it make Record Bench an extremely versatile piece of furniture.

Record Bench, come il resto dell'omonima famiglia, nasce dall'idea che siano delle linee incrociate a sostenere il piano. La panca si compone infatti di una semplice struttura in acciaio verniciato, e da un piano che può essere realizzato in diverse finiture, sia da esterno che da interno. La semplicità e l'armonia delle forme che lo caratterizzano rendono Record Bench un arredo estremamente versatile.

Record Living

Record is an innovative design table, which combines style and versatility through the combination of simple lines. Legs and footrest intersect without screws, giving an impressing and appealing touch to the details. The table top is available in a wide range of dimensions and finishes, that is why it fits well both in domestic and in contract environments. Record Living fits into every Nordic style and personality environment.

Record è un innovativo tavolo di design, che combina stile e versatilità attraverso l'unione di linee semplici. Gambe e poggiatesta si intersecano senza la necessità di viti, conferendogli un tocco suggestivo ed elegante. I piani del tavolo presenta diverse soluzioni in termini di dimensioni e finiture. Questo lo rende un tavolo adatto sia per ambienti domestici che per ambienti contract. Il tavolo Record Living veste ogni ambiente di personalità e stile nordico.

FINITURE OUTDOOR

PLASTIC MATERIALS

Polypropylene is a thermoplastic polymer characterized by a good breaking load, a good thermal and abrasion resistance. Its formulation allows it to reduce the negative effects of the combined action of external agents such as water, light, etc. Material suitable for outdoor use.

Materiali plastici

Il polipropilene (PP) è un polimero termoplastico caratterizzato da un buon carico di rottura, una buona resistenza termica e all'abrasione. La sua formulazione gli permette di ridurre gli effetti negativi dell'azione combinata di agenti esterni quali acqua, luce, ecc. Materiale adatto all'utilizzo esterno.

METALS

Steel is a material with good strength and workability. Special cataphoresis and powder or liquid coating treatments, tested to minimize the effect of external agents, make it suitable for outdoor use.

Aluminium is a light material with good mechanical properties. Special cataphoresis and powder or liquid coating treatments make it suitable for outdoor use.

Metalli

L'acciaio è un materiale con buone proprietà di resistenza e lavorabilità. Gli appositi trattamenti di cataforesi e verniciatura a polveri o liquido, testati per minimizzare l'effetto degli agenti esterni, lo rendono adatto all'uso esterno.

L'alluminio è un materiale leggero e con buone proprietà meccaniche. Gli appositi trattamenti e la verniciatura a polveri o liquido lo rendono adatto all'uso esterno.

**MULTILAYER TOPS (HPL)
Black core edge**

HPL (High Pressure Laminate) is a self-supporting material, with a 10 mm thick black visible edge. It's resistant to abrasion, bumps, scratches and common solvents and to the outdoors. It's antibacterial and, therefore, suitable for contact with food, moreover, it's easy to clean with common household detergents.

HPL03 Bianco White	HPL02 Nero Black	HPL04 Antracite Anthracite	HPL05 Grigio tortora Dove grey

**STRATIFICATI HPL
Bordo anima nera**

L'HPL (High Pressure Laminate) è un materiale autoportante, con bordo a vista in colore nero di spessore 10 mm. È resistente all'abrasione, agli urti, ai graffi e ai comuni solventi ed è resistente all'ambiente esterno. È antibatterico e dunque adatto al contatto con gli alimenti, oltre che facile da pulire utilizzando i comuni detersivi domestici.

FENIX NTM®

Innovative-nanotech material, ultra matt and soft touch- conceived for interior design. With low light reflection, its surface is highly matt, anti-fingerprints and pleasantly soft touch. The exterior side of FENIX NTM is obtained with nanotechnologies and is characterised by a surface treated with acrylic resins of new generation, hardened and bound through the Electron Beam Curing process. Thanks to these characteristics, Fenix NTM regenerates itself from any surface micro-scratches thanks to its thermo-repairing quality.

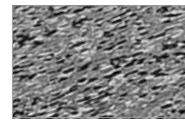

FX01 Bianco White	FX02 Nero Black	FX03 Antracite Anthracite	FX05 Grigio chiaro Light grey

Fenix NTM®

Materiale innovativo - nanotech, super opaco - creato per l'interior design. Con una bassa riflessione della luce, la sua superficie è estremamente opaca, anti impronte digitali e piacevolmente soft touch. La parte esteriore di FENIX NTM® NTM è ottenuta con l'ausilio di nanotecnologie ed è caratterizzata da una superficie trattata con resine acriliche di nuova generazione, indurite e fissate attraverso il processo di Electron Beam Curing. Grazie a queste caratteristiche FENIX NTM® si rigenera da eventuali micrograffi superficiali grazie alla termoriparabilità.

Recycled Fiberglass

Made of recycled material, obtained from the recovery of fiberglass and other post-consumption fibre-reinforced composites. They are re-aggregated at high pressure ensuring the product robustness and stability in all environmental conditions. Eco-sustainable and recyclable material at the end of life.

Cuio

Fibra di vetro riciclata

Realizzato con materiale riciclato, ricavato dal recupero della vetroresina e di altri compositi fibrorinforzati postconsumo. Sono riaggregati a pressione elevata garantendo al prodotto robustezza e stabilità in ogni condizione ambientale. Materiale ecosostenibile e nuovamente riciclabile a fine vita.

Marmo

Marmo grigio carnico, verniciato poliestere, finitura opaca, antimacchia.

Pelle

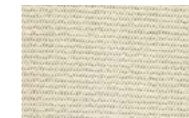

Le pelli che caratterizzano i rivestimenti delle creazioni infinity sono di assoluta qualità, come le pelli fiore provenienti da bovini europei.

B-CHEW TRIO ABITEX

The first bi-elastic fire retardant fabric made in Italy is indoor and outdoor. B-chew originate with this premise: eco-sustainable, recycled and recyclable made out of recycled PET. Ethical, multifaceted, b-chew can adapt to any shape, emphasizing the infinite design possibilities it allows.

Concept and Design
THE TAILORS
thetailors.it

You know, I take advice:
every time I pass an
almond tree in bloom,
I take my hat off to it.

*Lo sai, seguo il consiglio:
ogni volta che passo
davanti ad un mandorlo
in fiore mi tolgo il
cappello.*

ERMANNO OLMI
